

## NEWSLETTER 3/22/10

Hi everybody, I hope all is going well for everyone over this long harsh winter. I wanted to remind everyone that March is the beginning of our new year. Membership applications have all been sent out to anyone that was a member in 2009. They are now due. If for any reason you did not get one you can go on our web site under flyers and forms and print one off. As soon as your membership is received Jane Ann will send you your identification #. We are trying something new this year to try and identify trespassers more easily at the club grounds. You will no longer receive the small white card with your name on it. We are asking that every family try to get a sponsor for the saddle club. Big or small any contribution will be a help. Please keep it in mind if you need a place to rent or know of anyone looking for a place to rent the club is available. In fact Barb Hanley is in charge of the rentals this year so if you need information call her at 938-9501 and she will assist you. Also our chair person of our show committee this year is Lois McDonald. She has had several meetings and all went well. There has been a lot of changes this year and we are in hopes that they will work well and be for the good. Everything is final now and they are all on the web under flyers and forms. Saddle club meetings are the 4th Wednesday of every month at 7:00. We do have a couple of boxes of candy bars to sell yet if anyone may be interested just call me and I will see that you get them. We have caramel and peanut butter meltaway Gardners \$1.00 bars. We are not having the banquet style member shows this year, we are going to just have the regular kitchen service. So in turn you will not be expected to bring any covered dish so please keep this in mind when you send in your membership fee. But we are in definite need of pop of all kinds and any flavor. Last but not least if the weather holds out and does not change on us we have a lot of before season work to get done. We have the complete arena to get stained hopefully before show season. If anyone is interested in helping please call me and let me know so that I can call you. Also the tractor is off site being repaired so the arena will not be worked this Spring until it is finished. Please call Mary or Rusty to check to see if the tractor is fixed, we will try to send an e-mail out and post on the web site when it is repaired and the arena is worked, it is still pretty wet to work yet anyway. Thank you for your time! Have a great night. And be extra careful with your first ride of the season. Mary/President PSC (814) 952-0095.
